Dear Traveler:

I'd like to invite you to travel with Quark Expeditions to some of the most inspiring places on Earth.

Quark isn't like other travel companies. We only travel to the Polar Regions, and we've led thousands of passengers there over the last 22 years. People travel with Quark because we offer unprecedented access to these magical environments. We offer guided expeditions aboard small, specially-equipped vessels built for these environments, and a dedicated, passionate team of world-class experts, from naturalists and historians to biologists and glaciologists, help you realize your once-in-a-lifetime adventure.

If this is your first trip to the Arctic, consider Spitsbergen for perfect polar bear viewing or visit Greenland to see some of the most magnificent valleys and fjords.

Contact your preferred travel specialist or one of our Polar Travel Advisers before April 30, 2013, to take advantage of the special offers in this flyer.
